

Happy Valentine's Day

VALENTINES DAY

February 13, 2026

The school will be celebrating Valentines Day on February 13th. Your students may bring Valentines Day cards with them and little stickers, candies or toys. The students will pass out these little cards to each other during class time. (Please remember that NO NUTS are allowed at the school). Your students can write their names on the cards so that other student's know who the gift is from. Please do not have your students write who the cards are for on the cards. For example, please write "From: [student's name]" but keep "To:" blank. We are looking forward to celebrating with your students!
