Math Area

We will continue to work with younger children to practice 1 to 20, including sandpaper numbers, stairs beads, and number rods. We will also use several kinds of materials to work with 1 to 20, including some writing. The older children are focusing on tens and hundreds addition and subtraction, and multiplication. The students will also study fractions and time.

Practical Life Area

In this area, we will work with spoons, tweezers, eye droppers and making necklaces and bracelets with beads. We will work with these materials to ensure that the younger children work on muscle coordination for writing. In addition, we will work on how to push chairs back under the table and put work away.

Science and Geography

We will focus on layers of the oceans and prepare many activities and work about ocean and beach, such as sorting work and working with magnifying glasses. In Geography this month, we will learn about the world map and will introduce the land and water globe.
