Language Area

This month we will continue to work with the language sandbox, and spelling. For Bo Po Mo Fo (ㄅ ㄆ ㄇ ㄈ). We will start again with ㄅ ㄆ ㄇ and ㄈ and will spend more time with pinyin.

We are learning the Chinese characters : 山、河、入、海、千、里、目、白、上和一。 We read the Chinese poem 三字經, and will continue working on 登鶴雀樓. The English classroom will work with the sounds for Gg, Ll, Pp and Zz. Older children will be working with spelling and blending consonants fl, gl, pl and bl. The children will learn how to spell the names of four spring flowers per week.

“We discovered that education is not something which the teacher does, but that it is a natural process which develops spontaneously in the human being.”

— Maria Montessori

Art and Music

We are learning the songs Zipity Doo Dah and I Love My Mommy in the English classrooms. We are learning 我的好妈妈 and 醜小鴨 in the Chinese classrooms. We will make flower crafts using recycled objects.

Science and Geography

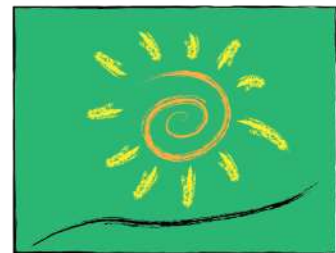

We will learn about botanical ideas, the botany cabinet, and how to grow flowers, vegetables, and plants. We will also learn about the life cycle of a honeybee. For geography, we will study the map of the United States.

Calendar

4/11 - In Service Day (School Closed).

4/18 - Easter Egg Hunt (Please have each student bring 20 Easter eggs to school by April 15. Important: Our school is nut-free, so please do not include any nuts or hard candies inside the eggs (hard candies can be a choking hazard)).

Language Garden, LLC

Practical Life Area

We will learn how to use clothespin pegs and fold a t-shirt. We will also practice using a zipper frame and ladle work and how to use facial tissue.

Math Area

The older children will learn about the units 100s and 1,000s, bank games, counting money, strip board, and golden beads and will focus on addition and subtraction, and solving problems. Younger children will focus on 1 to 9, work on tracing numbers and counting with the bead and spindle box.

Sensorial Area

The students will work with the cylinder blocks 1-4. These blocks will teach the students about different heights and thicknesses of objects. They will also work with the touch boards.

“The function of education is to teach one to think intensively and to think critically.”
— Dr. Martin Luther King, Jr.
